

Your Spirit in Surgery Prayer

Heavenly Father,

I thank You for your love, care and protection. I thank You that your Holy Spirit dwells in my spirit. Therefore, my spirit is alive unto you. Even though my soul and body come under the anesthesia during surgery, my spirit remains alert and alive. As I prepare to undergo surgery, cause my spirit to be alert throughout this process to watch over this process and keep me during this time.

Your kingdom is inside me. This means the kingdom of God and its laws go wherever I go. Healing is part of that kingdom. Therefore, I expect to be healed from this problem and the surgery. Father, I thank you for a speedy recovery.

Lord, I recognize that I have not been perfect in life. Yet, I thank you for the cleansing power of your blood. I repent of every sin. Lord, you said that if I confess those sins, you are faithful and just to cleanse and forgive me. I stand forgiven and cleansed right now going into this surgery.

Father, You have given me authority over the kingdom of darkness and all they try to do. Satan, you have no rights to sabotage this surgery. I take authority over the land and every room of the hospital. I cleanse it by the blood of Jesus. Whatever room I'm in, the room is cleansed because of the presence of the kingdom of God within me. Therefore, every evil spirit that has entered through prior confusion, malpractice, early deaths, or any evil intentions is broken now in the name of Jesus. It has no right to touch my body during this surgery.

Father, I thank You that you will cause my spirit to accelerate my healing process and do the healing that my physical body cannot do alone. God, I thank You that you cause my spirit to be capable of vastly accelerating repair, especially of the capillaries and the nerves to make healing extraordinarily different than when my body has to operate alone.

Finally, Father, I go into this surgery asking you to send your heavenly angels to surround and keep me. Send them to guard and watch over the doctors, nurses, and all who will tend to me. At this moment, I place all my trust in You. Your blood covers me and this surgical process. By faith, I believe there will be no malfunctions, malpractice, or accidents of any kind because your angels are present. I end this prayer giving you praise, glory and honor. In Jesus' name, Amen.
