

PRAYER FOR HEALING FROM ARTHRITIS

Healing Promise: “Beloved, I pray that you may prosper in all things and be in health, just as your soul prospers” (3John 2).

Healing Prayer: Dear Lord God, thank you for your promise to heal me. The pain in my joints from arthritis has caused me great suffering, but I believe that you are healing me from the top of head to the tip of my toes. Strengthen my body, Father. I believe your Word which tells me that you want me to be in health and to prosper just as my soul prospers. Thank you, Father.

Have mercy on me, O Lord God, and heal me, I greatly desire healing of this pain, Father, so that I might serve you more fully. As your Word directs, I believe I am receiving your healing from arthritis, and I know I will soon be living in complete health again.

You send your Word, Father, and you heal me. Because I know you are healing, me, I lift up my hands and I receive strength in my feeble knees. I will make straight paths for my feet so that I will experience your complete and total healing from the arthritis that has afflicted me. Thank you for your healing touch in my life, dear God.

Thank you for your Word which assures me that the pain and suffering of arthritis are not your will for me. In the power and authority of your word, I come against all attempts of the enemy—the evil one—to curse my life with pain and affliction in any form. I resist him, Father, in the name of Jesus Christ.

I reach out for the abundant life Jesus has promised to me. You are my light and my salvation; therefore, I will not fear. Indeed, I rejoice in your healing touch, which is removing my pain, healing me, and making me whole. Thank you. Almighty God. In the wonderful name of Jesus, I pray, Amen.
