

PRAYER FOR SINGLE MOMS

Father God, we thank You for every woman you have blessed with the privilege of motherhood. May each single mother be a godly steward of their children and rear them in the ways of the Lord. Father, thank You for giving them grace to walk out being a single parent with kindness and generosity. We pray that each single mother enjoys a relationship with You and worships You in spirit and truth.

Help your precious daughters remember that although they are parenting alone, You have not left them or forsaken them. Thank You for seeing, knowing, caring about, and loving them. Lord, send them godly sisters in Christ to hold up their arms in the battle, just as Aaron did for Moses. Lord, thank You for perfecting everything that concerns them. Place a hedge of protection around each single mother and her children. Thank You for being their Provider and their source of abundance. May they experience Your presence, peace, prosperity, and power all the days of their lives, in Jesus' name. Amen.
